TITLE	The 1979 Directory of College and University Libraries in New York State with Statistical Data for FY 1978. Twelfth Edition.
INSTITUTION	New York State Education Dept., Albany. Div. of Library Development.
PUB DATE	79
NOTE	196p.
EDRS PRICE	MF01/PC08 Plus Postage.
DESCRIPTORS	*Academic Libraries; *College Libraries: *Higher Education: *Librarians; Library Networks: *Statistical Data
IDENTIFIERS	*New York

ABSTRACT

This edition of a directory to 265 college and university libraries in New York State, compiled from data furnished by the State Education Department, includes address and telephone number, library director, institution president, number of volumes, number of periodical titles received, annual expenditures for library materials, annual total operating expenditures, numbers of professional and nonprofessional staff, reference services librarian, interlibrary loan librarian, type of institution, 3R's identifier, and publications issued by the library. Statistical data are summarized in the appended tables. Data are organized on libraries by size of collection, by highest earned degree granted, and by type of institution classification. The directory concludes with an alphabetical listing of head librarians. (RAA)

FOREWORD TO TWELFTH EDITION

The 1979 edition of *A Directory of College and University Libraries in New York State* was compiled from data furnished from the Department's Information Center on Education. Data on libraries of proprietary institutions which offer one or more diplomas accredited by the Regents are included. We have included all personnel name changes that have come to our attention, including some more recent than the 1978 HEADS reports filed in the Information Center on Education.

The format is similar to the previous edition. Cross references and notes of institutional names change and closing of colleges are compressed. Cross references referring to contract colleges are omitted; they are found under "New York State..." rather than "SUNY." This edition also continues the practice of distinguishing between teletype services by following those numbers which are on the Western Union TWX network by a dagger (†) and those numbers which are on the telephone DDD network (frequently referred to as Dataphone) by an asterisk (*).

Statistical data are summarized in the appendix tables. As in other years, we have continued to organize data on libraries by size of collection and by highest earned-degree granted and a third chart according to libraries by type of institution classification. Data on 1977 interlibrary loan transactions are charted for each library in Appendix 1. The editors wish to thank all who have assisted in the production of this directory and all who have helped improve the accuracy and usefulness of the information.

This edition of the directory includes 265 libraries. The total number of volumes as of June 30, 1978 is 49,454,803, an increase of 3.8 percent. Comparing the 1978 data with 1977, the total number of periodicals received in 1978 was 385,697, an increase of 4.4 percent; annual expenditures for library materials was $33,911,838, a decrease of 1.4 percent; annual total operating expenditures was $126,262,085, an increase of 3.3 percent.

For each entry there is a regional indicator which refers to the Reference and Research Library Resources Council program region in which the institution is located. The identifiers are used whether or not a particular institution is a participant in the 3R's program. The following symbols are used:

CD	Capital District Library Council for Reference and Research Resources, Troy
CNY	Central New York Library Resources Council, Syracuse
LI	Long Island Library Resources Council, Inc., Bellport
METRO	New York Metropolitan Reference and Research Library Agency, Inc., New York
NC	North Country Reference and Research Resources Council, Canton
RR	Rochester Regional Research Library Council, Rochester
SCR	South Central Research Library Council, Ithaca
SENY	Southeastern New York Library Resources Council, Poughkeepsie
WNY	Western New York Library Resources Council, Buffalo

Information about the 3R's Councils, medical libraries, and public library systems and their member libraries is published in two separate directories.

E. J. Josey
Alice L. Britenbaker
